Billie and Rio

Week #14: Nov 5: Eules Library
7-10pm **GRADUATION!**

Note:

Need Folder/binders w/colored "dot" on each book. This tells which group brings snacks for the following week. There will be four different colors (groups of 5 members) that will bring the snacks for the following week.

Name tags need to have attendees names printed on both sides of the name plate (placed on desk to help instructors).

While Saturday attendance is not required, attendees may use any of the three available Saturday classes as a "make-up" for any class missed during the training. Attendees are encouraged to come to the Saturday classes even if they do not wish to participate.

Attendees can begin ride-outs with the fire department during the 5th week. A sign-up calendar will be provided at the 4th week's class. The calendar will be kept by the battalion chief. Due to staffing levels at the stations we may be able to accommodate only one per shift per station. Sometimes the battalion chief can move personnel around to accommodate a rider. Before you can ride out you must complete and turn in to the class coordinator:

- Waiver of Liability
- Eules Fire and Police Academy Student Information Form
- HIPAA Form
